

2nd Quarter Financial Results

Our dividend is \$0.30 per share in 2nd Quarter 2021.

At the end of second quarter, our net income is projected at \$2.64 Million; compared to second quarter 2020, we have surpassed it by 65%. With projected assets, not including loans from the Paycheck Protection Program (PPP), of \$505 Million or up 4.4% year over year, and loan growth at \$404 Million or up 3.6% year over year, we continue to hold a solid financial position. We have also grown deposits by \$22.2 Million, a year-over-year growth of 5.2%.

First quarter brought a great deal of activity in the business lending and processing areas with more PPP loans. This was an all-hands-on-deck endeavor to process 337 loans helping businesses retain 1,676 employees in 2021 alone.

As we look to third quarter, we look forward to more new business loans as the economy emerges from the pandemic and mortgage loan activity remains high in a favorable interest rate environment. As always, thank you for your continued confidence in Bank of Sun Prairie.
